Police Supt. Gary McCarthy
3510 S. Michigan Ave.
Chicago, IL

Superintendent McCarthy:

Seven years ago I had a disagreement with some casino 'security' about remarks they were making whenever I visited. When I asked to see someone in management to explain the situation, a young woman appeared. I told her I had a complaint and asked if this was something she could handle. She assured me she could, but as I explained the situation, they started to laugh. I didn't see the humor and remarked that if they wouldn't manage their security, I guessed I would try to handle it myself.

I soon learned that casino security and employees are police or police-affiliated. I have learned this because for seven years I have been under 24-hour surveillance by my neighbors and others. As soon as I leave the house I am stalked, harassed and threatened wherever I go. My phone appears to be tapped and I think that my auto is bugged. I can cite a number of incidents over the past years including shooting gestures by police and others. My car has been hit and run twice. My previous auto was wrecked once when someone swerved into my lane; and it was later totaled when a pickup pulled in front of me and came to a dead stop. Although the other driver admitted he did this, I was judged at fault.

I've had a brick thrown through my rear window and a gun pointed at my head. An SUV pulled along side me on a freeway entry ramp trying to force me into oncoming traffic. I have several times had drivers get out of their cars and in anger attempt to open my door. I've been called every name in the book. Some of these people look like they are in high school, they are so young. Often they bring their children or younger siblings along when they stalk and threaten. And they are accompanied by on or off-duty police vehicles. I can't believe the police are recruiting these young people and indoctrinating them into a stalking, threatening, gun culture.

And there are so many of them! I would not be exaggerating if I said that over the years I have encountered thousands. I think I am being used as a training tool for local security classes. I have followed some of these cars to local colleges and when one young lady pulled beside me I remarked that she looked like she should be in school; she said she was in school. Is this what is being taught in security? Police Stalking and Intimidation 101.

I am amazed whenever I see you in the news talking about guns and shootings knowing how many young people the police are **teaching** and **encouraging** to stalk, threaten and do violence. It seems that those who should be responsible have no scruples while those beneath fear having any. After my experiences I am not surprised that there are so many security-related shootings. Your police and security need people skills before gun skills. I could go on and on relating incidents that have occurred over the years, but I am afraid it would fall on deaf ears.

Superintendent McCarthy, I think you have some serious house cleaning to do while you express concern over gun violence in our city. I am seventy-one years old and daily must resist arming myself, but unfortunately it is the police, those sworn to serve and protect, who are most threatening for me. Thank you for your consideration.
